### TEACHERS' DAY MESSAGE

On the occasion of Teachers' Day 2018, first and foremost I pay homages to Late Dr. Sarvapally Radhakrishnan, Former President of India and a great teacher himself. Having done that, I extend my respectful greetings and compliments to the entire teaching fraternity of our esteemed Atomic Energy Education Society. They indeed are providing their yeoman services and best possible education to our young students and shaping their lives for readying them as the future responsible citizens of the country.

Although they must already be putting their best efforts, I on the occasion, urge the teachers to rise above the call of their duty and rededicate themselves for the noble cause of education. WE on our side can assure them best environment and facilities at all our schools for seamless process of teaching learning.

Once again I pay my sincere respect to all the revered teachers of Atomic Energy Education Society.
