the available clerical staff while taking into account the suggestions made by each Head of AEC School/Junior College and the different section heads of Central Office, AEES.

After having a detailed discussion, the aforesaid committee opined that the earmarking of office staff should be made based on the total students' strength of each AEC School/Junior College and accordingly made the following recommendations.

Sr. No.	Students' strength	Total
01	Up to 1000	02
02	Between 1001 to 1500	03
03	Above 1500	04

Over and above the said students strength, the committee has recommended that if any AEC School/Junior College has been assigned with co-ordination work of that centre having multi-schools, such a school should be made available one additional post of Assistant/Assistant Accountant/Senior Clerk to take care of the administration and accounts works of that centre.

The Committee has also gone through the various works assigned to the different sections of Central Office including Academic Unit and opined that the present staff available in each section can be continued.

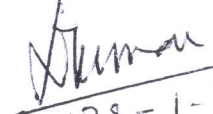

Taking into account the aforesaid recommendations and keeping in view the suggestions made by each Head of School/Junior College, the committee submitted two different statements with the details of (i) existing office staff and proposed office staff for each AEC School/Junior College, and (ii) for each section in Administration and Accounts of Central Office, AEES including Academic Unit. Since the Chairman/LMC, Mumbai office is situated in the premises of AEJC, Mumbai, and dealing assistant attached to the LMC Office does not have full time work and to optimum utilize his services, Committee proposed that the said dealing assistant should be entrusted the routine and regular duties of AEJC, Mumbai and accordingly to earmark the office staff for AEJC, Mumbai.

Lastly, the committee recommended to Central Office, AEES to implement these recommendations w.e.f. 01/04/2017.
